Outlook Web Access Security Solutions Essential Enhancements

Messageware is the leading provider of Outlook Web Access enhancements. Our solutions are used by over 2500 companies around the world and have been recognized by the top Exchange industry groups, analysts and media.

"Messageware CalendarShare together with Microsoft Office Outlook Web Access provides a valuable remote calendaring solution to meet the needs of our mutual customers."

- Microsoft Corporation

"PlusPack made it possible for us to offer a complete web based messaging solution to our workforce, it's helped us stay on top of our business."

- Fortune 50 Pharmaceutical Company

"The owners of our company have a dedicated Outlook client, but travel a lot to other offices and actually prefer using OWA over Outlook thanks to Messageware and Plus Pack."

— Century 21 Alliance

"I now can sleep easy knowing that our staff can securely access email whether they are on the road traveling to a job site or working from their home."

- Kessler International

The Messageware OWA Suite extends the functionality of Microsoft Office Outlook Web Access (OWA) with its award-winning Outlook Web Access user enhancements.

- Add Outlook-like features for OWA users
- Secure Outlook Web Access sessions
- · Protect confidential data

Messageware OWA Suite 2007 brings together all our enhancements for Exchange 2007 in one convenient and cost effective bundle. OWA security solutions include Messageware AttachView, Messageware NavGuard and Messageware TimeGuard. OWA user enhancement solutions include Messageware Plus Pack, Messageware CalendarShare and Messageware ActiveSend.

Messageware OWA Suite 2003/2000 adds critical security and user features to Exchange 2003 & 2000. OWA security solutions include Messageware AttachView, Messageware NavGuard, Messageware SessionGuard and Messageware TimeGuard. OWA user enhancement solutions include Messageware Plus Pack, Messageware CalendarShare and Messageware ActiveSend.
